# AMS METAL TRANSPORT AND FORWARDING

**We have an extensive offer in the field of transport and forwarding:**

- **Containers** for storing and transporting scrap,
- **Modern hooklifts** that can form a set with a semi-trailer and be equipped with a grapple loader (HDS),
- **We cooperate with forwarding companies** that have tractor units with specialized trailers, which ensures flexibility in terms of the method and date of scrap collection.

## AMS METAL OTHER SERVICES

**We also provide other scrap management services:**

- Weighing scrap,
- Analysis of the chemical composition of scrap,
- Sorting, shredding and packing scrap.

# WE FOCUS ON QUALITY

At AMS Metal, we know that the key to building good and long-term business relationships is the quality of the goods and services offered. We place great emphasis on this, which is confirmed by the certificate confirming the implementation of the Management System according to the PN-EN ISO 9001:2015 standard.

# AMS METAL LABORATIUM

We have our own, qualified and experienced laboratory unit, equipped with high-class equipment. Due to numerous inspections at every stage of work, we are able to ensure the highest quality of the goods we offer.

# AMS METAL WE CARE ABOUT THE ENVIRONMENT

Care for the environment is one of the key values of AMS Metal:

- We meet the requirements of Council Regulation (EU) No. 333/2011, which is confirmed by the certificate issued by TÜV NORD,
- We know our carbon footprint, which is confirmed by a certificate issued by SGS,
- We have carried out investments aimed at getting closer to emission neutrality - e.g. the purchase of machines powered by electricity,
- We are planning further investments of this type - e.g. construction of a photovoltaic farm.
